## EXPERIENCE

### GoHighLevel Funnel & CRM Automation Specialist

July 2026 – Present

*Independent Projects*

*Remote*

- Designed conversion-focused funnels for service-based businesses, with clear page structures, persuasive calls to action, lead-capture forms, and appointment-booking flows.
- Built automated email and SMS workflows for lead follow-ups, appointment reminders, webinar notifications, and customer nurturing.
- Configured calendars, forms, contact tags, smart lists, triggers, and CRM pipelines to organize leads from initial inquiry to booked consultation.
- Created test products, invoices, booking confirmations, and branded email campaigns to practice complete customer journeys inside GoHighLevel.

### Marketing Design Assistant

Project-Based

*Amraes Kitchen Equipment*

*Kitchen Equipment Business*

- Designed promotional flyers and digital marketing materials that presented the company's kitchen equipment in a clear and visually engaging way.
- Organized product details, pricing, images, and promotional messaging into easy-to-understand customer-facing designs.
- Applied visual hierarchy and brand consistency to create professional materials suitable for online marketing and product promotion.

### Freelance Canva Designer

Project-Based

*Independent Design Projects*

*Remote*

- Designed flyers, pamphlets, posters, and social media graphics for small businesses and promotional projects using Canva.
- Transformed business information into clean, organized, and visually appealing marketing materials for digital and print use.

## PORTFOLIO PROJECTS

### Conversion-Focused Funnel Builds | *GoHighLevel, Responsive Design, Copywriting*

2026

- Built responsive funnel samples for healthcare, real estate, and online presentation campaigns, each structured around a clear conversion goal.
- Combined strong headlines, focused service messaging, visual hierarchy, and strategic calls to action to guide visitors toward the next step.
- Designed layouts for both desktop and mobile devices to provide a clear, polished, and consistent browsing experience.

### Lead Capture and Follow-Up Systems | *Forms, Calendars, CRM, Workflow Automation*

2026

- Connected lead-capture forms, consultation pop-ups, appointment calendars, and thank-you pages to create organized customer journeys.
- Set up automated confirmation, reminder, and follow-up emails to support leads after registration or appointment booking.
- Created multi-page webinar flows that guide registrants from initial sign-up to the video room and replay page.
